# The UK's Points-Based Immigration System

## Overview of key routes and resources

# Overview

- The policy statement on the UK's Points-Based System published on 19 February 2020 set out the overall parameters for the new system.
- On 13 July 2020 the Home Office published an additional statement which provides **further details** to applicants, employers and educational institutions on the draft requirements and conditions underpinning the key immigration routes.
- The routes described cover **the main economic migration routes for those wishing to apply to work or study or set up a business in the UK**. It also set out our provisions for visitors.
- On 22 October the Home Secretary **laid changes to the Immigration Rules** that will underpin the new Points-Based System that will replace freedom of movement. They also introduced the new Hong Kong British National (Overseas) route for a BN(O) citizen who wants to live and work in the UK and will extend the Afghan interpreter ex-gratia scheme.

# Policy statement re-cap

Ending free movement

EU and non-EU treated equally

Implementing a points-based system

Delivering for the whole of the UK

Ongoing engagement and communications

Home Office

# The UK's Points-Based Immigration System

## The skilled worker route

# Skilled worker route

The points-based system will include a route for skilled workers, both EU and non-EU citizens, who meet the following requirements:

**Job offer from HO approved sponsor**

**Skill level**  
RQF3 (A-level and equivalent) and above

**Relevant salary**  
-Either the general salary threshold or going rate, whichever is higher

**Speak English**

**Criminality threshold**

## What's new for the skilled worker route?

No cap on numbers

No Resident Labour Market Test

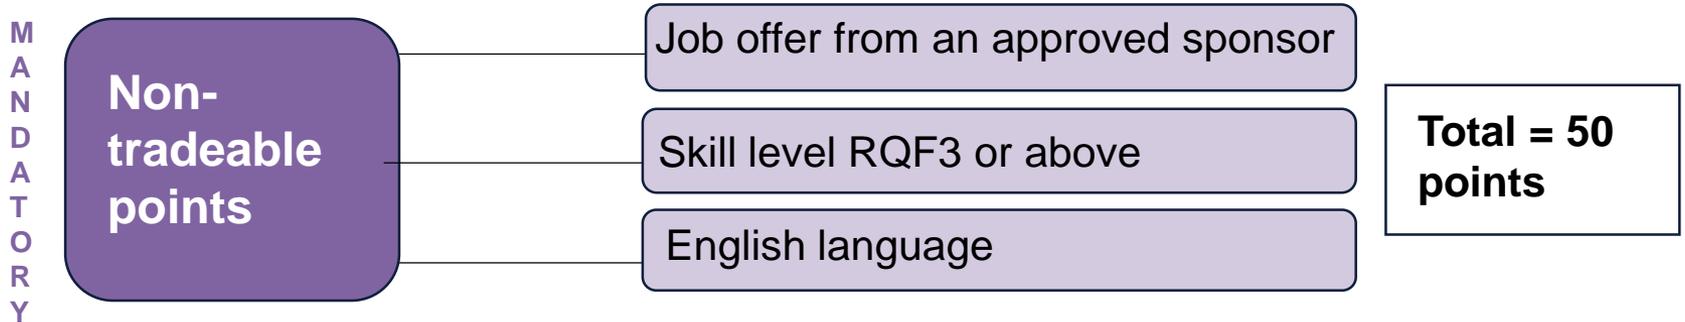

Expanded skills threshold – now RQF3 (equivalent to A-level) and above

Tradeable points – points for certain characteristics will be tradeable against salary

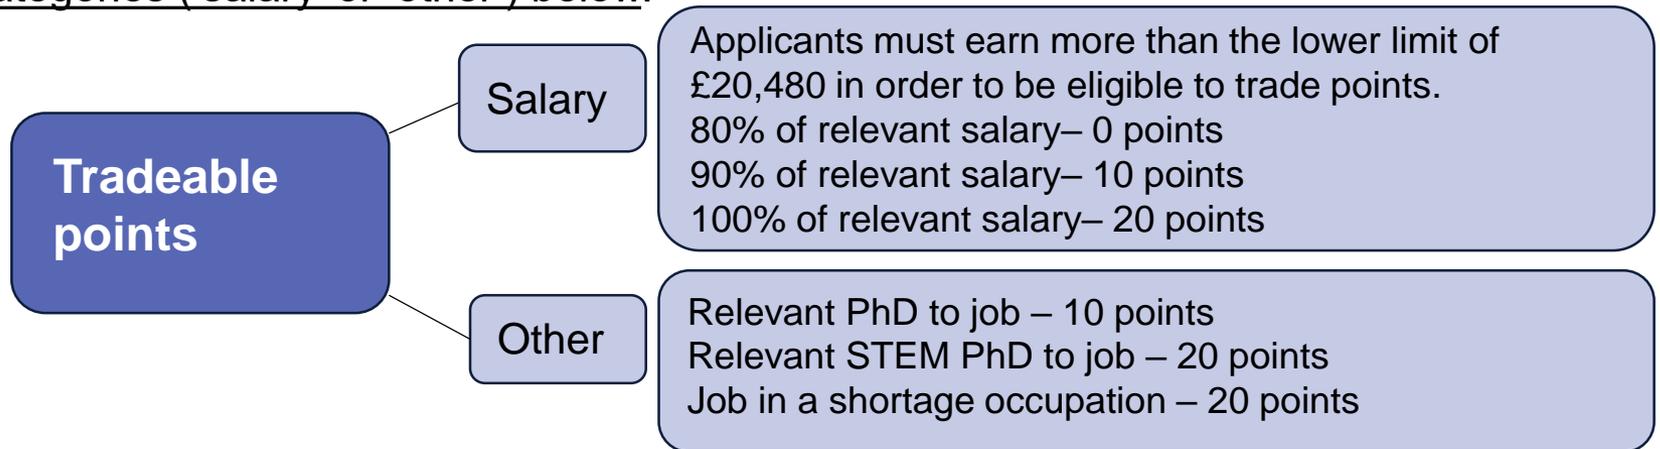

The 12-month “cooling off period” and six-year maximum length of stay in the route are being removed

# Skilled worker route

Every applicant must score at least **70 points** to be eligible for the skilled worker route. **50 of these points** must come from meeting the **mandatory** criteria below.

The remaining 20 points can be made up by trading points in one entry from each of the two categories ('salary' or 'other') below.

# Skilled worker route – case study

Freya wants to come to the UK to undertake skilled work and has been offered a job as a lab technician for a salary of £21,000. She meets all of the mandatory characteristics under the Points-Based System, scoring 50 points. Lab technicians need to meet the general salary threshold of £25,600 as this is a higher than the going rate for the profession. As Freya’s salary offer of £21,000, she does not score any points for her salary. It is still above the minimum of £20,480, so she can still score 20 tradeable points elsewhere to be eligible for a visa. In this instance Freya does get the 20 extra points by having a relevant STEM PhD in biochemistry.

	Characteristic	Points	Total
<b>Mandatory</b>	Offer of a job by an approved sponsor	20	50
	Job at an appropriate skill level	20	
	English language skills at level B1 (intermediate)	10	
<b>Tradeable</b>	Salary of £20,480 - £23,030.99	0	20
	Education Qualification: PHD in a STEM subject relevant to the job	20	
<b>Total</b>			70

# Skilled worker route – case study

Richard wants to come to the UK to work and has been offered a job as a Mechanical engineer for a salary of £26,750. He meets all of the mandatory characteristics under the Points-Based System, scoring 50 points.

As the going rate for mechanical engineers is £33,400 and higher than the general salary threshold, he must be paid according to the going rate for that occupation. This is because applicants must be paid according to whichever of the two is higher. Richard's salary is just above 80% of the going rate for his occupation, therefore while he scores no points from his salary, he is eligible to score 20 tradeable points elsewhere to be eligible for a visa. In this instance Richard scores the 20 extra points by having a job offer in a shortage occupation.

	Characteristic	Points	Total
<b>Mandatory</b>	Offer of a job by an approved sponsor	20	50
	Job at an appropriate skill level	20	
	English language skills at level B1 (intermediate)	10	
<b>Tradeable</b>	Salary at least 80% of the going rate	0	20
	Job in a shortage occupation (as designated by the MAC)	20	
<b>Total</b>			70

# The UK's Points-Based Immigration System

## Students, visitors and other routes

# Health and Care Visa - overview

The Health and Care Visa will ensure individuals working in eligible health occupations with a job offer from the NHS, social care sector or employers and organisations which provide services to the NHS, who have good working English, are able to come to the UK.

## **Key aspects**

Open to all nationalities who have a confirmed job offer in one of the defined healthcare professions within the NHS, the social care sector or for NHS commissioned service providers.

The main applicant must meet the requirements of the skilled worker route, including the relevant skill and salary threshold.

Fast-track entry, with reduced application fees and dedicated support regarding the application process. Eligible individuals will be able to bring their families.

Exemption from the Immigration Health Surcharge for both applicants and their families.

# Highly skilled workers- overview

**For January 2021** we will extend the current **Global Talent route** to EU citizens on the same basis as non-EU. Under the Global Talent route, the most highly skilled workers who can achieve the required level of points, will be able to enter the UK without a job offer if they are endorsed by a Home Office recognised endorsing body.

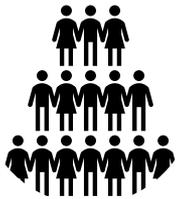

The main changes to the Global Talent route announced on 22 October are:

- The criteria for consideration of senior appointments are being revised, so that the route caters for emerging leaders as well as those at a more advanced stage of their career.
- The definition of the types of academic and research roles that qualify is being expanded.
- A points assessment is being introduced in line with the introduction of the points-based system.

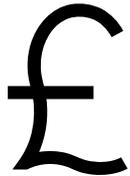

**Longer term**, we will create a new **broader unsponsored route**. This would allow a small number of the most highly skilled workers to come to the UK without a job offer. We will explore this with stakeholders in the coming year.

# Those who don't meet skills and salary thresholds

The UK Points-Based Immigration System **will not include a route for those who do not meet skills and salary thresholds**

Focus upon UK resident labour market

Greater flexibility for employers with changes to salary and skills thresholds

Seasonal workers pilot will provide employers in the agricultural sector with further flexibility

# Students

**No limit on the number of international students who can come to the UK to study.** The Government has an ambition to increase the number of international students in higher education to 600,000 by 2030.

**Students will be covered by the Points-Based System.** If they can demonstrate that they have an offer from an approved education institution, speak English and are able to support themselves during their studies, then they will have the requisite number of points.

The Student and Child Student routes were simplified and revised, with changes taking effect from October this year. On 22 October further changes were made to put maintenance levels in line with the current home student maintenance loans. We have also removed the restriction on working as a postgraduate doctor or dentist in training.

**A new Graduate route** will be launched in summer 2021 to provide international students the opportunity to stay in the UK to work or look for work after they graduate. Undergraduate and masters degree students will be able to stay for two years under the route, whilst PhD students will be able to stay for three years.

# Visitors

Anyone can apply to visit the UK. They must **either apply for a visa before arrival or seek leave to enter at the UK border**. Visa nationals can apply anywhere outside the UK. Non-visa nationals can apply at the UK border. **The UK Government has already said that its intention is for citizens of the EU and Switzerland to not require visas to visit the UK.**

In most cases, visitors can come to the UK for up to six months. A visitor may enter the UK multiple times, but they may not live in the UK by means of repeat visitors. They may not work or access public funds.

We have simplified the visitor rules to:

- Permit study of up to six months under the standard visit route. All non-recreational study must be undertaken at an accredited institution, except recreational courses undertaken for leisure that last no longer than 30 days.
- Remove the requirement for volunteering to be incidental to the main reason for the visit.

# Other immigration routes

## For January 2021

For a number of the main economic routes the main change that will be implemented for January 2021 is bringing EU citizens into the current non-EU routes. Examples of these include:

- Start-up and Innovator
- Intra-Company Transfers
- Youth Mobility Scheme
- Sporting
- Creative
- Charity
- Ministers of Religion and Religious Workers
- Government Authorised Exchange
- International Agreement
- UK Ancestry

## Simplification

Underpinning these routes and the Points-Based System as a whole will be simplified rules and guidance. We will make the best use of technology and implement the recommendations of the Law Commission to streamline and simplify the immigration system.

# Next Steps

- With the Immigration Rules now laid and the passage of the Immigration Bill through Parliament complete, this will provide the legal basis for ending freedom of movement with the EU. The Bill received Royal Assent on 11<sup>th</sup> November.
- Immigration routes will open for applications later this year for those wishing to come to the UK from 1 January 2021. The first routes, the student and child student routes, opened on 5 October.
- EU citizens and their family members who are resident in the UK before the end of the transition period continue to be eligible for the EU Settlement Scheme. The deadline for applications is 30 June 2021.
